

# LAND O' LAKES MILL EXPANSIONS AND UPGRADES

## ***Owner***

Land O'Lakes Farmland Feed, LLC

## ***Size/Capacity***

22-bin bulk loadout structure with 480 tons of storage

## ***Completion Time***

10 months

## ***Younglove's Services***

- Structural engineering
- General construction
- Construction management
- Equipment installation

## ***Willmar, Minnesota***

Receiving, ingredient storage, pelleting, and loadout systems were updated and upgraded, including new loadout capabilities. General renovation, including replacement of manual valves and distributors, allowed for an automation upgrade as well.
